HONGKONG ICE COMPANY.
NOTICE.

WE Beg to intimate that, during the months of July, August and September, the Price of ICE will be 2½ Cents per lb. The smallest quantity sold 4 pounds.

As the demand at present is more than we can meet, and will be heavier during the above months, we have decided upon this advance in price solely with the object of keeping the consumption within the producing power of our present machinery, and so endeavouring to give all consumers a share. As soon as we feel the demand falling off, the price will be reduced again to the usual 2 Cents per pound.

While thanking the Community for the support they have hitherto accorded us, we trust they will bear with us at this time in our efforts to meet the wants of all, as next year, with the addition of our new Machinery, there will be no lack of supply, and consequently no necessity for going beyond the charge of 2 Cents per lb.

DAVE CARSON'S
MINSTREL VARIETY
AND COMEDY COMPANY.

To-morrow Evening,
(SATURDAY), the 6th JULY, 1878.

There are three muscles to draw the mouth up, and only one to draw it down; which signifies that we are to laugh three times as much as we cry. Laughing promotes digestion, by jerking the internal organs. Every organ in the human system requires exercise to maintain it in health, hence laughing was intended to regulate the internal organs. Many people resort to medicine to restore that which might be remedied by a hearty laugh. Laughing equalizes the circulation and produces a general excitement of the system, highly conducive to health. As an instance of this, observe the rosy hue of a young lady's cheek after indulging in a hearty laugh. Some people laugh in their sleep, and some behind the door; these are smothered laughs, and are highly injurious to the system. There are many other laughs, such as the giggle, the snigger, the twist of the mouth, etc., etc., all of which are spurious
